HOW DOES IT WORK

As from 1 January 2026, you will automatically have access to the shopping portal via www.wellnicipiti.co.za/savings, where you can view a wide range of everyday grocery items such as food, cleaning material, toiletries and more on which you can redeem savings coupons

Select your products by adding them to your "Basket" #
You can either do this on your mobile device while shopping in-store or you can do it prior to your shopping trip

Once you are finished selecting all your grocery items, click "Checkout" and all your redeemed savings coupons will be added together and sent to you as a 16-digit code via SMS or e-mail

Before paying, present the 16-digit code(s) to the cashier and your total saving will be deducted from your grocery bill *

- You can add as many products as you like in each shopping basket and have unlimited shopping trips per month but only one of each product is permitted per shopping basket with an overall maximum of 5 of each product per month

* Note that a single 16-digit code is issued for all coupons that attract the same savings value. It is possible to receive up to 4 different 16-digit codes per shopping trip - ensure you show all of them to the cashier.
Once codes are issued, they are valid for the rest of the calendar month in which they were issued.
